## Eyelash Extensions

Wake up every morning with beautiful, drop dead gorgeous eyelashes. With Lash Out! Lashes, you can have the same Natural looking and Glamorous lashes that you have admired. They look and feel so natural that you will have everyone guessing if they are real!

Your wonderful long lashes will last between 2 to 4 weeks depending on the life of your own lashes and aftercare. To extend the life of the lashes, please avoid wetting lashes 12 hours after treatment and the use of oil based eye makeup remover. We recommend use of Napoleon Madame Prep to prolong the life of the extensions whilst giving your lashes an at home nourishing treatment.
